

INSTRUCTIONAL STAFF

Matt, our full-time instructor & technician has been diving since 1997 and teaching since 2001. Since leaving school in 1999 he has become a career diver across the industry. Working in the shop, workshop, teaching and commercial scallop diving. He has built up experience of over 15,500 dives, spending over 6,000 hours on the boat in the last 8 years and is qualified to teach a broad range of courses including “Technical” diving and First Aid.

Matt recently completed advanced training and a 100m dive with depth record holder Mark Ellyatt in Aqaba, Jordan and Dorothea Quarry

We also have several Dive Masters that help out on the courses and general diving. They are very experienced divers in line with our ethos and offer great help to students and instructors alike.

PRICES 2018

At **Dive Guernsey**, diving is our first priority above all else. This starts with the training we provide to our divers and continues with the experiences we offer. We aim to provide at least weekly diving, including free shore dives for our students on a regular basis.

Guernsey and surrounding islands have a great deal to offer every diver. From the recently qualified, right through to the vastly experienced. With Wrecks galore and literally 100's of miles of reef, there is plenty to explore. Sark even has the beautiful Gouliot "Caves" a swim through cavern with walls covered in brightly coloured jewel anemones.

Enjoy eating fish? With Dive Guernsey, you can catch your own and then cook it immediately with a beach BBQ, or have it cooked for you in a top local restaurant. You cannot get any fresher!

Our promise - We aim to keep the "briefing" brief and spend as much time underwater as possible to give you the best experience. Unlike other guides, we will stay in the water until it's time to finish the dive. Not getting out after just a 10 minute swim. If you have any personal goals, please let us know and we'll add it to the dive plan.
